

BUILDEGE INNOVATIONS (PVT.) LTD.

Multidisciplinary Civil Engineering, High-Rise & Infrastructure Contracting Powerhouse

- PEC Category C1 / C-A
- ISO 9001:2015
- ISO 14001:2015
- ISO 45001:2018
- SECP Incorporated (Est. 2007)

18+ Years

CORPORATE TRACK RECORD

150+

MEGAPROJECTS COMPLETED

3.5M+ Sq.Ft.

BUILT-UP AREA ENGINEERED

PKR 15B+

DELIVERED CONTRACT VALUE

Mian Asif Shoukat
CHIEF EXECUTIVE OFFICER & MANAGING DIRECTOR

"Our corporate philosophy '**Innovate to Elevate**' drives every concrete pour and megastructure. We combine advanced **BIM 5D virtual construction**, German post-tensioning engineering, and strict ISO zero-harm governance to guarantee delivery on time and within budget."

Turnkey EPC Specialist • 150+ Landmarks Delivered Across Pakistan

1. STATUTORY CORPORATE REGISTRATIONS Verified Government Authorities

AUTHORITY / BODY	LICENSE & REGISTRATION DETAILS	SCOPE & STATUS
Pakistan Engineering Council (PEC)	Category C1 / C-A License (Code CE01, CE09, CE10, BC01, BC02)	Unlimited National Bidding Cap
SECP Corporate Status	Incorporated Private Limited Company (Registration #0059124 Est. 2007)	Active Incorporated Entity
Federal Board of Revenue (FBR)	Active Taxpayer List (ATL) • NTN: 3149582-7 • STRN: 3277876112211	100% Tax Compliant
Punjab Revenue Authority (PRA)	Registered Provincial EPC Engineering Contractor	Certified Provincial Vendor
ISO Quality Management	ISO 9001:2015 Quality Management System Certified	UKAS / PNAC Accredited
ISO HSE Workplace Safety	ISO 14001:2015 (Environment) & ISO 45001:2018 (Health & Safety)	Zero-Harm Governance

High-Rise & Defense Housing

- Multi-Storey Post-Tensioned (PT) Concrete Framing
- Deep Basement Secant & Soldier Pile Shoring
- Askari Housing High-Density G+7 Tower Execution

Civil Infrastructure & Water Works

- 5 Million Gallon Concrete Water Storage Reservoirs
- WASA High-Capacity Storm Drainage & Pump Stations
- Municipal Solid Waste Environmental Ramp Facilities

Structural Rehabilitation & Retrofit

- Carbon Fiber Reinforced Polymer (CFRP) Wrapping
- Seismic Zone Retrofitting & RC Jacketing
- Heritage Architectural & Urban Facade Restoration

BIM 5D Virtual Engineering

- Millimeter 3D Drone & LiDAR Topographic Audits
- Virtual MEP / Structural Clash Detection Before Pour
- LDA, DHA & Municipal Regulatory Digital Clearance

3. TURNKEY PROJECT LIFECYCLE GOVERNANCE

PHASE 01

BIM & Feasibility

3D architectural modeling, geotechnical soil tests, clash-free coordination.

PHASE 02

Structural Execution

6,000 PSI high-performance mix, laser screed, and certified PT formwork.

PHASE 03

MEP & BMS Integration

Central HVAC, NFPA fire suppression, and automated smart building controls.

PHASE 04

Testing & Handover

Ultrasonic NDT audits, load testing, and comprehensive as-built dossier transfer.

Certified Material Quality Assurance Standards

All primary structural inputs—including Grade 60/75 deformed steel rebar, high-strength OPC/SRC cements, and chemical admixtures—undergo mandatory laboratory tensile, elongation, and compression testing in compliance with ASTM A615 and ACI 318 standards.

Mechanized In-House Mobilization Capacity

BuildEdge maintains an extensive inventory of company-owned heavy equipment across regional depots in Lahore, Islamabad, and Karachi. This direct ownership eliminates third-party rental delays and ensures rapid mobilization for high-stakes government and defense megaprojects.

EQUIPMENT CATEGORY	UNITS OWNED	CAPACITY & TECHNICAL SPECIFICATIONS	MAKE / MODEL
Tower Cranes & Telescopic Cranes	3 Units	10 to 25 Ton Lifting Capacity (Up to 60m vertical reach)	Potain & Zoomlion
Automated Batching Plants & Transit Mixers	6 Units	60 m³/hr Automated Wet Mix with 8 m³ Transit Mixers	Liebherr & Stetter
Stationary Concrete Pumps & Booms	4 Units	High-Rise Vertical Delivery Pumping (250m line reach)	Putzmeister Heavy
Hydraulic Excavators & Earthmovers	12 Units	Deep basement shoring excavation and diaphragm trenching	Caterpillar & Komatsu
3D LiDAR Survey Sets & Laser Screeds	4 Sets	Topographic millimeter drone audits & superflat floors	Trimble & Somero
Heavy Diesel Power Generators	8 Units	100 kVA to 500 kVA uninterrupted prime site power units	Perkins & Cummins

Civil & Structural Structural & PT Design	BIM & Planning 5D Virtual Site Audits	Plant Logistics Heavy Cranes & Fleet	QA/QC & HSE ISO Safety & Lab Audits
---	---	--	---

**2.5M+ Zero-Harm Man-Hours**

Over 2,500,000 continuous hours completed without any Lost Time Injury (LTI). Mandatory daily PPE audits, certified scaffolding inspections, and tool-box hazard assessments.

**ISO 14001 Environmental Protection**

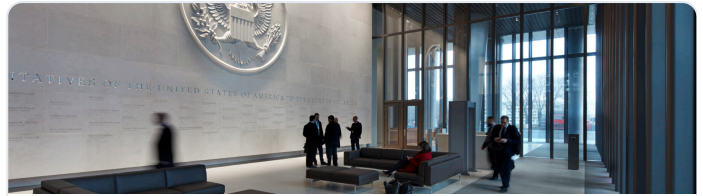

Strict site dust suppression, noise attenuation barriers, chemical effluent containment, and concrete washout recycling in full compliance with provincial environmental guidelines.

ASKARI HOUSING DIRECTORATE • LAHORE

Askari 11 G+7 Sports Complex Arena

G+7 high-rise sports arena, Olympic aquatic center, and subterranean parking basement.

BRITISH HIGH COMMISSION • ISLAMABAD

British & American Embassy Facility

Blast-resistant perimeter engineering, high-security compound infrastructure, and HVAC.

DHA KARACHI DIRECTORATE • SINDH

DHA Karachi Commercial Retrofit

3.5 KM commercial strip ACP facade cladding modernization, pavers, and LED illumination.

LWMC & GOVT. OF PUNJAB • LAHORE

Suthra Punjab Solid Waste Ramps

Reinforced concrete ramp facilities for 40-ton haulers with HDPE geomembrane ponds.

 INSTITUTIONAL & GOVERNMENT CLIENT DIRECTORATE

 Askari Housing Directorate

 British High Commission / FCDO

 Defence Housing Authority (DHA)

 Lahore Development Authority (LDA)

 Lahore Waste Management (LWMC)

 WASA Municipal Water Works

 Sindh Energy Govt / Nooriabad

Principal Bankers: Meezan Bank Ltd. & Habib Bank Ltd. (HBL)

Facilities: Active Performance Guarantees & LCs

Annual Turnover: PKR 500M+ Capacity
